EXPERIENCE

- Created a simple bus seat reservation webapp with PHP as backend - 4th semester
- Created a food ordering webapp with PHP as backend - 6th semester Github Link
- Created a face recognition attendance webapp with flask as backend - 8th semester Github Link
- No field or company experience till date

IN FUTURE

- In future I would like to learn Django and React for Web Development as destined career
- Pursue Machine Learning as hobby.
- Once I am proficient enough, I want to create few youtube tutorial, keeping in mind the problems I faced during my learning.
- Eventually become a experienced developer. 😎

INTEREST AND HOBBIES

- Despite coding and web develeopment, I enjoy learning open-source software and digital privacy.
- In addition to my technical knowledge, I am known for my friendly and approachable nature.
- I am always highly motivated and excited to learn new things.
- I enjoy learning and exploring various tech gadgets and softwares.
- In my free time I like to solve puzzles, travel as a hobbie.
